## DAISY AWARD

**Catriona Stockstill** is a Veterinarian Tech. She has worked at the Sharonville location since August 2016. She assists with surgery, dispensing medications and general animal care. She thinks the best part of her job is getting animals healthy enough to get adopted and walk out our door.

Catriona's hobbies include weight training and participating in races, such as the Savage Race.

She has a Pit Bull Mix named Luna that she adopted from the Sharonville location almost a year ago.

Catriona reminds us to "be kind to one another".

## Bamboo HR Software

### Fellow Employees

We are currently up and running with our new Bamboo HR software ahead of schedule. This is the place where you will request your paid time off (PTO) from your supervisor. You will see on your page that there will be a running balance of days taken as Jury Duty, PTO, Sick Leave, or Bereavement. Remember, you need to contact your supervisor when you are out on jury duty, sick leave or bereavement. Your supervisor will in turn contact me to update your profile. If you have any carry over from last year, I will manually need to add that to the system. Please let me know. You can change your personal contact information at any time. This is a transitional period and is not perfected yet as with any new software program we begin to use. If you have any questions or concerns, please feel free to contact me either by email or phone. [lfenner@spcacincinnati.org](mailto:lfenner@spcacincinnati.org) or 513-247-2027.

Thank you for your time and patience with our new Human Resource software. Lori

**the insider** keeps you informed about what is happening with your fellow team members. If you have any potential articles, stories or updates, please forward to Valerie Jamison, **the insider** Editor - [vjamison@spcacincinnati.org](mailto:vjamison@spcacincinnati.org)

### *Good News*

*Dearest members of the SPCA,  
(To the best & caring & kindest people in the world!)*

*On January 15, 2017, we had to have our 8 year old dog put to sleep. He developed congenital heart failure and only had two months to live. He would have been in misery and pain, so we put him to sleep. Our other dog got depressed over it. He would not eat, play or anything. So we came to visit you. All you had, which I did not want, were grown Pit Bulls. As we were leaving, I spotted a 6 month old Pit Bull puppy. So I adopted him. He is the most loving dog I have ever owned. He and the other dog are inseparable and will not go anywhere without the other. I know the reputation of Pit Bulls. But I believe if you love them, treat them right, and give them a good home with a good playmate they are better in some ways than other dogs. Me and him play ball, he plays with the neighbors dogs, and is good with people on his walks.*

*Thank you so much for letting me have him. . . . .*

*(Thank you for all you do to care for our four legged friends!)*

*God Bless & keep you all safe!*

*Shirley & Carl G.*
